## The Competition

---

### **The Aim:**

The aim of the competition is to promote profitable sheep and beef farming by identifying efficient and innovative farms with sustainable systems in the Marlborough Province. To highlight these attributes a public field day will be held on the winner's property.

### **Entry:**

The competition is open to any farmer, (lessee or owner), or farm manager in the Marlborough Province (Marlborough and Kaikoura District Council areas), whose:

- A significant proportion of business income is derived from sheep and cattle
- Final decision is at judge's discretion

Previous entrants of this competition are eligible. Previous winners of the competition are eligible to re-enter after a stand down period of 6 years (5 competitions). Anyone unsure whether they qualify for entry should ask a member of the organising committee.
